of colours and sizes

NOT JUST ANOTHER CHAIR

ST Chairs incorporate and comply with the latest aspects of European furniture design, as influenced by the new European Education furniture standard EN1729. EN1729 was devised to address and reduce pain endured by many students associated with poorly postured, incorrect sized furniture. EN1729 relates specifically to classroom seating, and deals with the strength and stability of a chair, as it does the ergonomics associated with people of different sizes, sitting in the chair being used at a desk or table.

ST Chairs have been designed for individual wellbeing and comfort. Available in three seat sizes and six heights ST Chairs accommodate a wide range of individual sizes and desk heights, critical to maximising comfort in the classroom. Comfortable, hard wearing, easy to handle, purpose built furniture for today's student. Peace of mind for those that purchase and maintain their furniture.

SPECIFICATIONS

A tough one piece moulded polypropylene seat shell textured to hide scratching, fitted with four individual tubular steel powder coated legs each securely press fitted into the seat shell for enhanced durability and stability. Hard wearing moulded floor glides protect floors and aid in stacking. Five year manufacturer's warranty.

SIZE	SEAT HT	AGE	STATURE RANGE	DESK HT
1	260mm	3-4 yrs	930-1150mm	460mm
2	310mm	4-6 yrs	1080-1210mm	530mm
3	350mm	6-8 yrs	1190-1420mm	590mm
4	380mm	8-11 yrs	1330-1590mm	640mm
5	430mm	11-14 yrs	1460-1765mm	710mm
6	460mm	14-Adult	1590-1880mm	760mm
